GoVera[®]

Real energy.
Honest ingredients.
GoVera is different!

The Univera Difference

When you think of an energy drink, what comes to mind? **Sugar? Caffeine? Empty calories?** These are typical of what you may see promoted as energy drinks. In reality, most just give you a quick burst from large amounts of caffeine and sugar, creating a roller coaster effect that takes a toll on your body and well-being.

GoVera helps boost energy levels and fight fatigue*. Just mix with cold water and enjoy the natural, refreshing orange tangerine flavor.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Real Value

At about \$2.40 per serving**, GoVera is a better value than the canned energy drinks you'll find at your local store. And your boost of energy will be one you can trust to not drag you down later. Plus with our convenient sticks, you can throw a few in your bag and go!

**based on Preferred pricing

“ At age 71, I work out twice a week with partners in their in their 40's! And GoVera is a key part of my Univera routine that makes that possible. ”

Peggy C., Gold Associate

univera®

GoVera®

“GoVera provides true bioenergetic ingredients; compounds that are used to generate energy at the cell level. Compare to other "energy" products that rely on stimulants to create the illusion of energy. The difference is profound, as GoVera also supports the maintenance of muscle mass, exercise tolerance and ideal body weight.”

- Stephen Cherniske, Scientific Consultant

Go Real. Go All Day. GoVera.
