# RegeniCARE<sup>®</sup>

You can Live Young at every age with this total joint health combination!

## Why You? Why Univera?

Everyday wear and tear causes physical and mental stress on our bodies, eventually causing soreness and discomfort in our bones and joints. We all experience the frustration of not being our usual confident, active, and lively selves – but with RegeniCARE you have a way back to yourself!

RegeniCARE is a powerful combination of therapeutic ingredients formulated to maintain total joint health. And it's ready to enjoy in on-the-go packets you just mix with water. Choose your favorite flavor – lemon or raspberry – or mix them for a raspberry-lemon spark!

**Whether you're 20 or 120, RegeniCARE keeps you a mobile, moving machine!**

*"I've been with Univera for 10 years. Before Univera I felt discomfort in my joints and throughout my body and was pretty much unable to do the things I loved to do. Within a few months of adding RegeniCARE to my Univera routine, my joints were feeling amazing! I will never be without these products."*

Concerned about shellfish allergies? RegeniFREE® is for those who cannot tolerate some traditional joint-comfort compounds.

*“I have been a registered nutritionist and massage therapist for 15 years. 11 years ago a good friend introduced me to Univera products and my world changed dramatically. I continued using the products daily and after 3 months of using RegeniCARE, my spine had full movement and was out of the discomfort I experienced for 15 years. I had the mobility in my back I thought was gone forever. I continue to use Univera products daily and they are my go-to for a rock solid health plan that will have me paddle boarding and playing with my kids for the rest of my life”*
